THE EASY FIXER

Discover the essential

Why compromise on the grass seed you use every day?

Premium quality, pocket-friendly price.

THE EASY FIXER

Patching grass seed kit with coir

- We start with premium grass seed and add the perfect amount of natural fertiliser and an absorbent growing medium that protects the seeds while keeping them moist
- Contains twice the grass seed of the leading brand (remember that's the end aim and result of this product – grass seed and a healthy lawn)
- The Fixer has naturally occurring fertiliser (worm castings, which offer: inhibits plant diseases, stimulates plant growth, reduces soil erosion and compaction, purest form of sustained-release plant food and promotes a strong, health root system)
- This is not just coir, it's everything the grass seed needs to perform perfectly

A revolutionary one step Quick Patch Repair Kit combining grass seed with coir compost and naturally occurring fertiliser.

SUITABLE AREAS

- All landscaping
